# SkyDesk Media Trek / Sorata Media Trek

SkyDesk Media Trek/Sorata Media Trek is a voice guidance app provided by Fuji Xerox.

This app uses the GPS position information of your smartphone and automatically starts the voice guidance when you are near a location configured with guidance information. Mobile app is named SkyDesk Media Trek in the Asia Pacific, while same app is named Sorata Media Trek in Europe and America.

## Basics of Using this App

After downloading the app, read the license agreement and tap [agree] to start using the app.

- 1 Click [Book Store] from the Home screen.
- 2 Select a book from the Book Store
- 3 Tap [Download] to start downloading the book.
- 4 The button will change to [Open]. Tap [Open].
- 5 Tap [Start guide] to switch to the voice guidance screen.
- 6 Voice guidance automatically starts when you close by a location for voice guidance.

## My Book

- 1 Open the My Book screen from the Home screen.
- 2 A list of the books that have been downloaded is displayed. Tap a book to switch to the voice guidance screen.

If you wish to delete a book, press the book icon for an extended time. The book deletion window will be displayed.

Books you have downloaded from the Book Store in the past are saved in My Book.

Please download the [NEMURO East Hokkaido] Book (the icon on the left) from the Book Store.

## Footprint

- 1 Tap the footprint button on the top right of the screen.
- 2 Locations you have visited in the past are displayed with a green footprint icon. Tap the footprint icon to replay the voice guidance.

The footprint function enables you to hear voice guidance for locations you have visited in the past.
